

ATLANTIS Self-Screening Questionnaire

The questionnaire below asks a few simple questions to find out whether you may be suitable to take part in the ATLANTIS trial.

In order to be suitable, your answer to the following questions must be 'yes.'

Are you over the age of 18 ?

Do you live in Wessex, West of England or West Yorkshire?

Has your GP diagnosed you with IBS?

Have you tried or been offered dietary changes and first-line therapies such as antispasmodics [e.g. mebeverine], fibre supplements [e.g. fybogel], laxatives [e.g. bisacodyl] or anti-diarrhoeals [e.g. loperamide]?

Please note, for you to be deemed eligible for the trial, you will also need to meet some additional requirements to ensure that it is appropriate for you to take part.
